Indore

Bonding with my Grandparents

My grandparents are a treasure of love,
A blessing to me from the God above.

They share their wisdom, stories and
more,
and make me feel loved to the core.

With them, I learn to laugh and play,
and cherish every moment of the day

My Baba is kind and always gives me
freedom,
Thank you God, he is my life saver!

My Dadi is my loving teacher, always
full of grace,
With her blessings, I can never lose any
race.

So let's cherish our grandparents every
day,
And make them feel special in every
way!

Poem on published in Free Press

Acts of kindness can profoundly impact one's community

Acts of kindness can profoundly impact one's community. In a world where everyone is struggling, a small act of kindness can make a big difference. It can be as simple as holding a door open for someone, or as big as donating to a charity. Acts of kindness can create a ripple effect, spreading to others and inspiring them to do the same. They can build a sense of community and make the world a better place. Acts of kindness can also help to reduce stress and improve mental health. They can make us feel good and give us a sense of purpose. Acts of kindness can be a powerful force for good in the world.

Acts of kindness can be done by anyone, at any time, and in any place. They can be as small as a smile or as big as a donation. Acts of kindness can be a powerful force for good in the world. They can build a sense of community and make the world a better place. Acts of kindness can also help to reduce stress and improve mental health. They can make us feel good and give us a sense of purpose. Acts of kindness can be a powerful force for good in the world.

My dad is the best!

My dad is the best! He is always there for me when I need him. He is the one who makes me laugh and keeps me happy. He is the one who teaches me how to be a good person. He is the one who loves me unconditionally. He is the best dad ever!

HOW MY GRANDPA VOTED

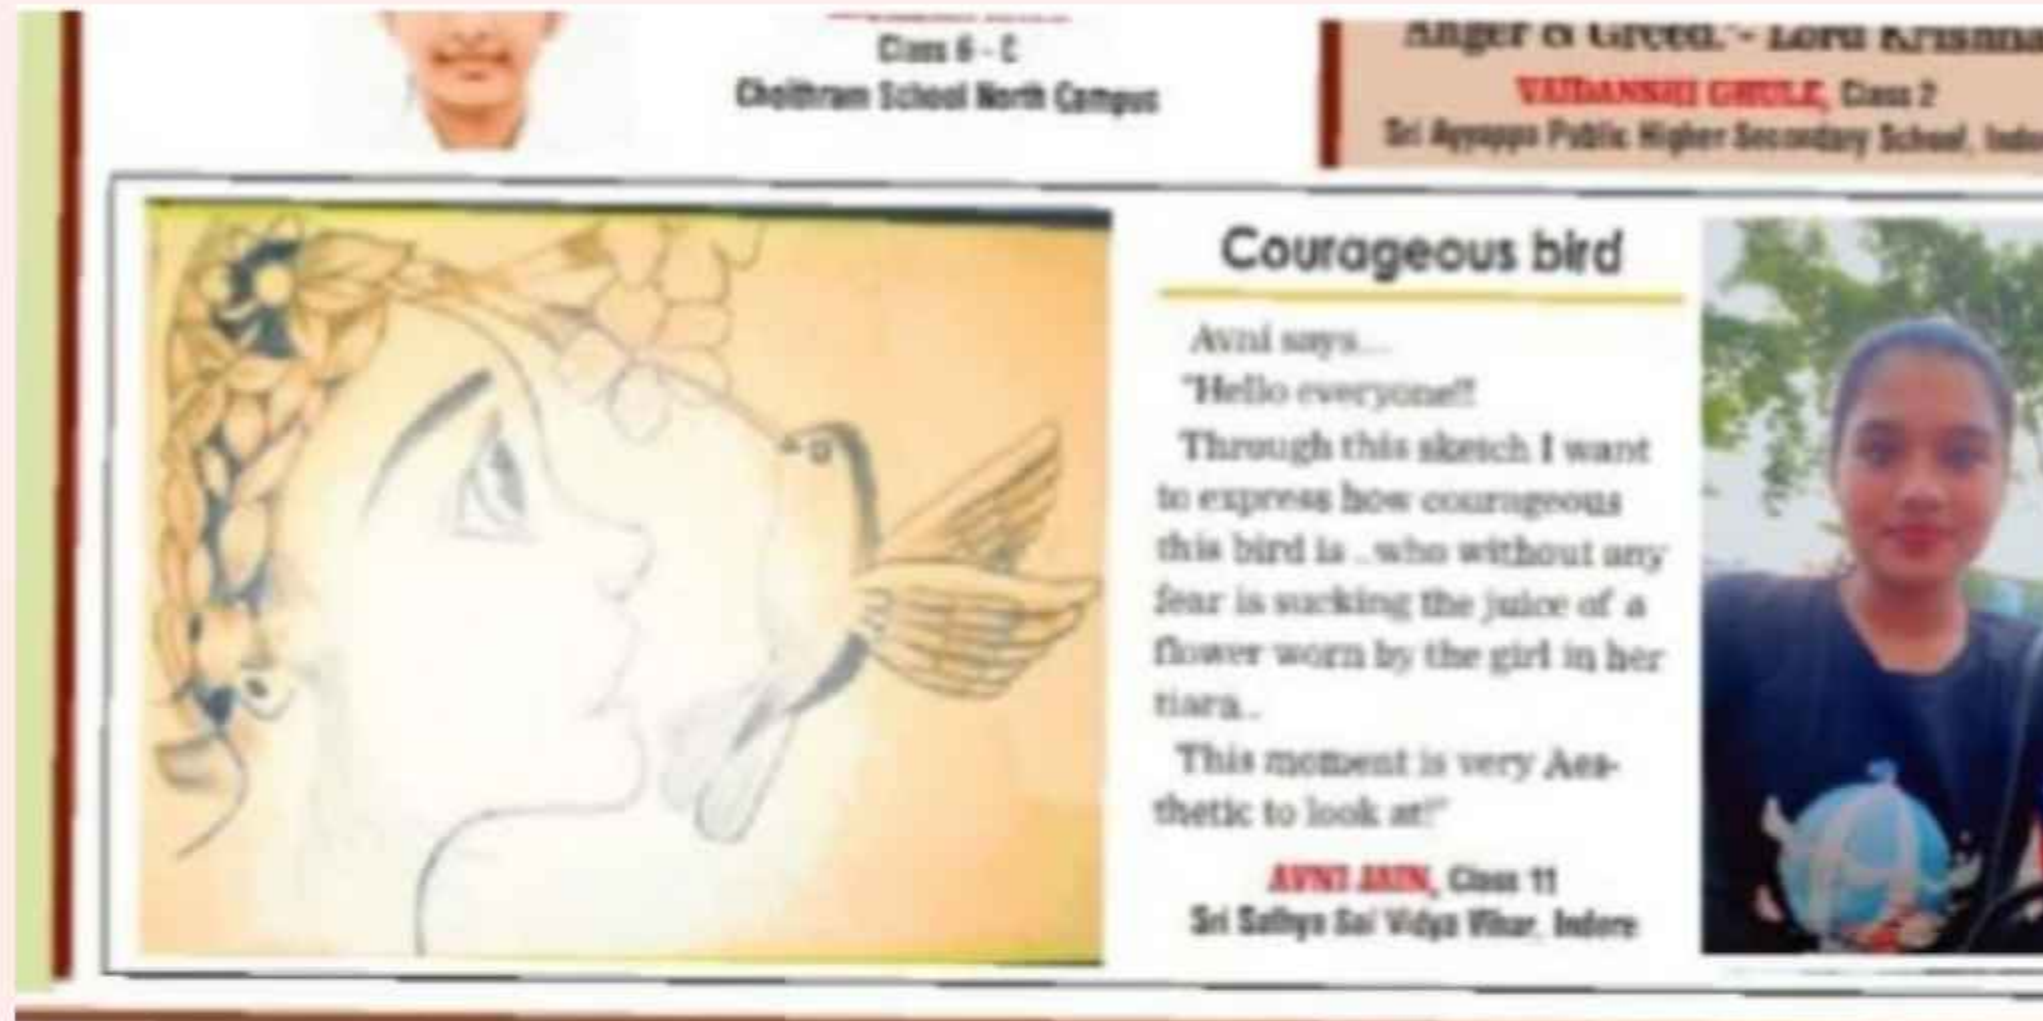

How my grandpa voted. Grandpa always votes for the best candidate. He is very smart and knows what is best for the country. He always votes for the candidate who will make the country a better place.

Grandpa always votes for the best candidate. He is very smart and knows what is best for the country. He always votes for the candidate who will make the country a better place.
